

Helmold ComboPerf (Cut-Crease) Rule

Description

Helmold® ComboPerf Rule allows for cutting and creasing at the same time. This Helmold rule is offered in the largest variety and made with the best quality. Superior high-carbon steel is used when manufacturing this rule, resulting in longer press life and fewer set-ups. The advanced manufacturing process used produces a clean, precise space that doesn't require a secondary bevel to remove a burr. Excellent for the business forms, corrugated, folding carton and label industries.

Physical Properties

Space Width Options	from .620"-1.000"
Controlled Depth	from .005"-.490"
Max Strip Length	none

Availability & Ordering Information

Steel rule is available in six bevel profiles:

- CFB (Center Face Bevel)
- CFLB (Center Face, Long Bevel)
- FB (Flush Bevel)
- MBB (Minimum Back Bevel)
- SFB (Side Face Bevel)
- SFLB (Side Face, Long Bevel)

Steel rule in 30", 36", and meter lengths can be purchased by the piece. Clockwise, anti-clockwise, and dispenser coils are sold in full coils only.
