

Helmold Lazer Blade Cutting Rule

Description

Helmold® Lazer Blade is an edge-hardened rule that offers a softer body with a hardened-edge, making this great for many applications. This rule would be commonly used in packaging, folding carton and kiss-cut applications. Also available in H series where harder beam strength is needed. H series features a 45 RC body hardness and accepts a .016R/2PT.

Physical Properties

Body Hardness	34 RC (body) / 57 RC (edge)
Bendability	Will take a .012R/2PT
Point Thickness	1.5, 2, 3, 4
