

Section 1 Chemical Product and Company Identification

Product identifier

Product name: DieStrip Adhesive

Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Adhesive for industrial use only

Details of the supplier of the safety data sheet

Freeman Manufacturing and Supply Company

1101 Moore Road, Avon, OH 44011

Telephone (440) 934-1902

24 Hour emergency telephone number: CHEMTREC (800) 424-9300

HMIS H 1 F 0 R 0 PPE Sec. 8

Section 2 Hazard Identification

GHS Classification in accordance with 29 CFR 1910.1200 (OSHA HCS)

Skin corrosion/irritation, Category 2

Serious eye damage/eye irritation, Category 2A

GHS Label elements, including precautionary statements

Signal word Warning

Hazard statements

Causes skin irritation.

Causes serious eye irritation

Precautionary statements

Wash face, hands and any exposed skin thoroughly after handling

Wear protective gloves/eye protection/face protection

IF IN EYES: Rinse immediately with plenty of water and seek medical advice/attention

IF ON SKIN: Wash with plenty of water and soap

If skin irritation occurs: Get medical advice/attention

Take off contaminated clothing and wash it before reuse

Keep from freezing

Dispose of in accordance with local/regional/national/international regulations

Hazards not otherwise classified (HNOC) or not covered by GHS

None under normal processing

Other information

0% of mixture consists of ingredient(s) of unknown toxicity

Section 3 Composition/Information on Ingredients

Hazardous Ingredient	CAS Number	Percent
Ammonium hydroxide	1336-21-6	1-5

Date of Preparation: August 7, 2018

Section 4 First-Aid Measures

Eye Contact Rinse thoroughly with plenty of water for at least 15 minutes, lifting

lower and upper eyelids. Consult a physician.

Skin Contact Wash off immediately with soap and plenty of water. Take off

contaminated clothing and wash before reuse. In the case of skin

irritation or allergic reactions see a physician.

Inhalation Remove to fresh air.

Ingestion None under normal use conditions. Clean mouth with water and

drink afterwards plenty of water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Consult a

physician if necessary.

Notes to Physician Treat symptomatically.

Section 5 Fire-Fighting Measures

Suitable extinguishing agents

Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Use fire fighting measures that suit the environment.

Unsuitable Extinguishing Media

Specific test data for the substance or mixture is not available.

Special hazards arising from the substance or mixture

Do not allow run-off from fire-fighting to enter drains or water courses.

Dried product is capable of burning. Sealed containers may rupture when heated.

Protective equipment and advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6 Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Use personal protection equipment. Ensure adequate ventilation.

If irritation is experienced, approved respiratory protection should be worn.

Respiratory protection must be provided in accordance with current local regulations.

Environmental precautions

See Section 12 for additional Ecological Information.

Methods and material for containment and cleaning up

Pick up and transfer to properly labeled containers.

Prevent environmental discharge consistent with regulatory requirements.

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Section 7 Handling and Storage

Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practice.

Avoid contact with eyes, skin and clothing.

Information about protection against explosions and fires

No special measures required.

Date of Preparation: August 7, 2018 Page 2 of 5

Section 7 Handling and Storage continued

Conditions for safe storage, including any incompatibilities

Keep from freezing. Keep containers tightly closed in a cool, well-ventilated place. No known incompatible products.

Section 8 Exposure Controls/Personal Protection

Components with workplace control parameters

None

General protective and hygienic measures

Handle in accordance with good industrial hygiene and safety practice.

Do not eat, drink or smoke when using this product.

Wash hands before breaks and immediately after handling the product.

Take off contaminated clothing and wash before reuse.

Respiratory protection

If irritation is experienced, wear NIOSH/MSHA approved respiratory protection.

Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations.

Respiratory protection must be provided in accordance with current local regulations.

Skin and body protection

Wear protective gloves/protective clothing.

Eye protection:

Avoid contact with eyes. Wear eye protection.

Appropriate engineering controls

Emergency showers and eye wash stations should be available.

Ventilation systems should be in place.

Section 9 Physical and Chemical Properties

Appearance White liquid

Odor Latex

Odor Threshold No data available

pH 10.0 - 10.5

Melting PointNo data availableInitial boiling point212°F (100°C)Evaporation rateNo data availableFlash PointNo data availableFlammability (solid, gas)No data availableUpper/lower flammabilityNo data available

Vapor Pressure Negligible

Vapor density No data available

Relative density (g/cc) >1.0 Water Solubility Miscible

Coefficient: n-octanol/ water
Auto-ignition temperature
Decomposition temperature
Dynamic viscosity

No data available
No data available
2,500 - 2,700 cPs

Section 10 Stability and Reactivity

Reactivity

None under normal processing

Chemical stability

Stable under recommended storage conditions

Possibility of hazardous reactions

None under normal processing

Conditions to Avoid

Excessive cold, excessive heat

Incompatible Materials

None known based on information supplied

Hazardous Decomposition Products

Carbon monoxide, Carbon dioxide

Section 11 Toxicological Information

Information on likely routes of exposure

InhalationNo known effects based on information supplied.Eye ContactNo known effects based on information supplied.Skin ContactRepeated exposure may cause skin dryness or cracking.

IngestionNot an expected route of exposure.
May be harmful if swallowed.

Component	Oral LD50	Dermal LD50	Inhalation LC50
Ammonium	350 mg/kg (Rat)	-	-
hydroxide 1336-21-6			

Information on toxicological effects

Symptoms No data available

Delayed and immediate effects as well as chronic effects from short and long-term exposure

SensitizationMutagenic effects
No data available
No data available

Carcinogenicity Contains no ingredients above reportable quantities listed as

a carcinogen.

Reproductive toxicity
STOT - single exposure
STOT - repeated exposure
Aspiration hazard
No data available
No data available
No data available

Section 12 Ecological Information

Ecotoxicity

Component	Toxicity to Fish	Daphnia Magna (Water Flea)
Ammonium hydroxide	8.2: 96 h Pimephales	0.66: 48 h Daphnia pulex mg/L EC50
1336-21-6	promelas mg/L LC50	0.66: 48 h water flea mg/L EC50

Persistence and degradabilityNo data availableBioaccumulative potentialNo data availableMobility in soilNo data available

Results of PBT & vPvB assessment PBT and vPvB assessment has not been carried out

Section 13 Disposal Considerations

This material as supplied is not a hazardous waste according to Federal Regulation (40 CFR 261). Consult a licensed contractor for detailed recommendations. Dispose of in accordance with applicable local, regional, national, and/or international regulations.

Section 14 Transport Information

DOT: Not regulated IMDG/IMO: Not regulated IATA: Not regulated

Section 15 Regulatory Information

US Federal Regulations

TSCA Inventory Status: All ingredients listed on TSCA inventory requirements SARA Section 313: This product contains Ammonium hydroxide = 1.5% SARA Section 311/312 Hazard Categories: None

US State Regulations

California Proposition 65: MARNING: This product can expose you to chemicals including methyl alcohol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Methyl alcohol content < 0.1%

Maximum Allowable Dose Level (MADL) Inhalation = 47,000 μg/day

DSL (Canada Domestic Substance List)

All components of this product are listed or exempt.

Section 16 Other Information

Disclaimer

The following supersedes Buyer's documents. SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict of liability arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results are based on controlled lab work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended.
