

Freeman Maple Rotary Dieboard 2.0

Description

Freeman Maple Rotary Dieboard 2.0 is a strong and stable maple rotary dieboard. This dieboard has a natural color and is constructed of maple faces, with maple or other hardwood inner plies. Recent improvements have been made at the mill to further stabilize the ID's of this proven dieboard. In addition to very reliable ID's, Freeman Maple Rotary Dieboard 2.0 offers straight edges and consistent laser cutting.
